Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. Our service is completely free for everyone. Using file, you can circumvent those limits without paying to upgrade your team chat service. File is free to use with no gotchas and no hidden fees. You can upload any type of file (movies, music, documents, images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surely would! On the other hand, using file can actually save you money. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You decide who you want to share your files with. Simply upload your file and share the link. Unfortunately, we can't make that part free. You can give this download link to your friends by mail or instant messenger. It is also allowed to link to the download page from websites and communities. Just upload the file you want to share with your friendsand we send you a download link to your file. Keep your files private, or send your download links only to friends or family. We have no file size limit.filehosting provides an easy possibility for you to send large files to your friends. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. So try our free and simple filehosting service now. No account or credit card is required to get started. Whypay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. You don't need any special software installed to be able to download your files. There are no restrictions on the number of times a file can bedownloaded. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Any file in any format can be uploaded anddownloaded for free. Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that data transfer iscovered by your internet service or the data plan on your phone.
